KOLA STUDIO

Turning Characters
into **Digital IP**

AI Creative Studio for
Brands, Creators &
Entertainment

WHO WE ARE

We Build Characters That Grow into IP

KOLA STUDIO is an AI-powered Character IP and Animation Studio developing original characters, branded mascots, short-form animation, emoticons, and digital content.

Character IP Development

Create original characters with long-term IP potential.

AI Character Design

Design unique characters quickly with AI-assisted creativity.

Short-form Animation

Produce engaging animated content for digital platforms.

Brand Character Solutions

Transform brands into memorable character experiences.

“

We don't just create characters. We build **scalable IP** that grows into content, communities, and commercial opportunities.

WHAT WE CREATE

From Character Design to Digital **IP** Ecosystem

We create original characters that evolve into emoticons, animation, digital content, and brand experiences.

Character Design

AI-powered original characters for brands and creators.

Emoticon & Stickers

Expressive GIF packs for KakaoTalk, LINE and social media.

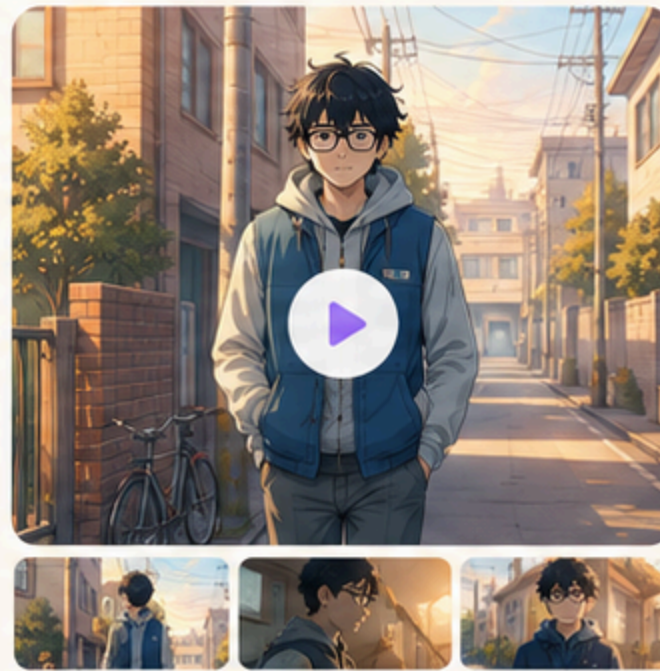

30
GIFs

Animation

Short-form animation and storytelling powered by AI.

Brand Character Solutions

Characters integrated into products, services and brand identity.

We don't just create characters.

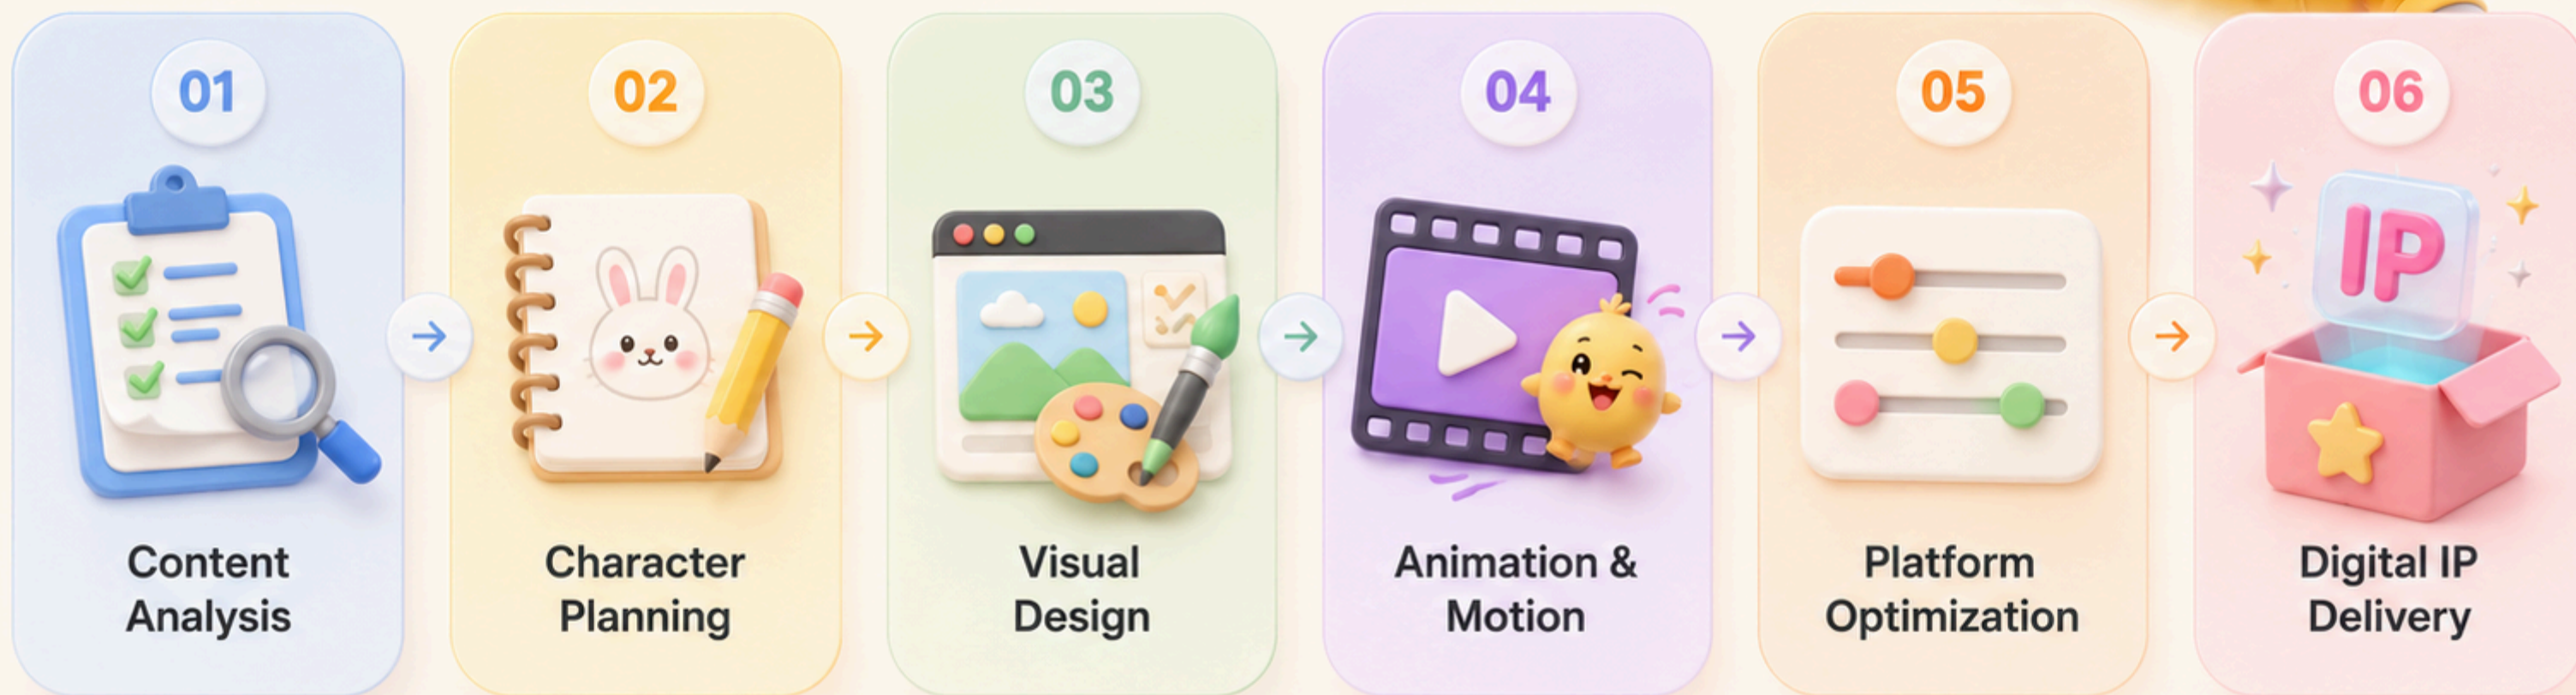

We build **scalable IP** that grows into content, communities, and commercial opportunities.

★ HOW WE WORK

Our Workflow

From content analysis to delivery, KOLA STUDIO transforms characters, emoticons, and animation into scalable digital IP.
